Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.

Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.

Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.

Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.

Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.

Heads you get out, tail you get in,
As the head and tail of a snake
All the things you do, you do
To get the head - you get the tail.
